

Muzinich & Co. provides banking facilities to Healthfood 24

London 11 March 2020: Muzinich & Co. announced it has recently provided funding to German-based Healthfood 24, a pioneer of high-quality premium gluten free pet food for domestic dogs and cats.

The company's products have been developed using the food mix of wolves and wild cats in their natural habitat with the aim to significantly improve the diet and health of domestic pets as a result. Human misunderstanding of animal eating habits causes high levels of disease, obesity and subsequent health problems. Through numerous scientific studies, Healthfood 24 has developed a nutritional concept based on the natural diet of wolves and wild cats and created various recipes with ingredients that reflect these nutrition components.
